

Space NZ Trust – Strategic Plan 2015-2020

Our Vision

Thriving babies, confident parents, flourishing communities

Our Mission

To support first time parents, new babies and communities to play, learn, connect and flourish

Our work

Deliver broad range of skills and benefits

Collaborative and strength's based

Connecting communities

Universal and responsive

Job and volunteering opportunities with career paths

Strategic Intent – 2014-2019

By 2020, 20 000 first time parents have the opportunity to participate in SPACE programmes that are based in their community and reflects their culture

Strategic Goals

Valued partnerships

Increase the engagement with and availability of SPACE programmes to a diverse range of cultures and communities

- Develop strategic partnerships that support growth, visibility and access to SPACE
- Deliver support and services to current SPACE partners and increase the number of partners delivering SPACE
- Deliver support and services to priority groups, post natal support, refugees, Maori and Pacific communities

Well resourced happy achieving team

High performing, well resourced team to achieve the Trust's goals

- Diversify income streams to build a sustainable trust
- Invest in organisational capability
- Develop a competent and confident team

SPACE visibility

SPACE programme is recognised throughout NZ as a credible "go to" post natal support and education programme – particularly for first time parents

- Increase the profile of the SPACE NZ Trust
- Ensure that parents choose the SPACE programme
- Offer high quality training and SPACE programmes

Strategic Priorities
